RECOMM- ANDATION

CONSCIOUS CRITICAL CURIOUS

Dear Sir or Madam:

Sandrine Beaud worked as an intern for OURS magazine from March to May 2016. During her time with the publication she was a surge of creative energy. She applied her thoughtful ideas in a manner that contributed to portraying the brand in an honest and attractive light.

She was primarily tasked with creating graphic works, photographs and videos for the magazine's key digital channels, specifically Youtube, Facebook, Instagram and Twitter. She wasn't afraid to use her own imagination but took direction well, always taking the time to understand the objectives of the marketing strategy from a bird's eye point of view before executing on a more detailed level.

Always arriving early or on time, her punctual and positive attitude and approach to work make her a pleasure to have in any office and an asset on any team.

For further recommendation, please feel free to get in touch with me personally.

Warm Wishes,

Atona Damachi
